Modes of Training:

The trainer is advised to use different modes of training e.g.

- Courses
- Exhibition
- Self training
- Personal support/coaching
- Training study

Training materials/Equipment

- Apart from the indicated reference books and training materials the trainer should find out and develop more training to make more effective and interesting.
- Include first aid materials, compass, maps, ropes, flags and charts.

Aim

- There should be a general aim of each training

Objectives

There should also be an objective of each course but also equally important there should be aims and objectives of each session.
